

Otherworld "Pack" Stories

These are the "Pack" stories in the Otherworld series. Note that the complete book list is [here](#), so while you can focus entirely on the Pack, you're going to notice that you, um, seem to be missing things. I try to include enough "catch up" info so you can skip installments, just be aware that you *have* missed books or it'll be very confusing ☺

This list is in chronological story order, not order of release. The first release was *Bitten* in 2001. The Otherworld series concluded in July 2012 with the release of [Thirteen](#). While I've moved on to the Cainsville series for novels, I still do short fiction in the Otherworld, including an annual novella from Subterranean Press. There are two coming in the next year—a novella and a graphic novel.
